# HOSPICE SERVICES

*of Western Massachusetts, LLC*

---

Hospice care is about not giving up....it is about hope for people facing a life-limiting illness -- hope of living their lives free of pain, without fear and in the company of family and friends. The emotional and spiritual support we provide to patients and their families is greatly enhanced by the help of our volunteers. Our volunteers assist in a variety of ways including: reading, sitting quietly with a patient, assisting with errands or chores or administrative work in our offices. The rewards of caring and sharing are beyond measure. For more information, please visit our [website](#) or contact [ndymnicki@hospiceofwesternma.com](mailto:ndymnicki@hospiceofwesternma.com) or call (413)786-4004.
